*TRAINING AND EXPERIENCE **♦ OUTSTANDING ABILITY**

Such popular favor will find expression in a huge majority for Bryan Sims on July 25.

SIMS Is the Only Candidate for Governor with a Workable Plan of State Tax Reduction!

With Sims this plan is more than a campaign promise; it is a lifelong goal. Through his knowledge of state government obtained under administrations of seven governors, he knows what needs to be done and knows how to do it.

ularity, and it is in the platform fice with him and the state will on which this man hopes to win. He has promised, and we believe he will fulfill that promise, that he will reduce expenses of our state government which has been increasing each year for several years, and will apply the savings expect any remuneration for

the people of the state. Mr. Sims has been connected with the auditorial department of the state and is thoroughly familiar with its financial condition. He knows just where the reductions can be made and why expenses have been too much in every department.

Another act of Mr. Sims that has made him friends, is that of resigning from his office when Never in the history of politics he became a candidate. He as many others have done, but act within itself displays a high sense of lovalty to his state. If There is a reason for this pop- will carry his promises into of-

GRAND JURY REPORT

November 16, 1943

TO THE HONORABLE ZAL B. HARRISON

SECOND JUDICIAL DISTRICT

We, your Grand Jury for the Jonesboro District of Craighead County, beg leave to submit this our final report. as follows:

We have been in session two days and have examined seven witnesses and find no true bills. Our investigation has been directed toward the auditing of the books of the

county officials of this county by the State Auditorial Department. It is felt that these audits are not held at the proper intervals, and after being made, there is too much delay before the audit is filed in the proper manner. We find that no audits were filed for as long as four years at a time. We also find that no audit has been filed for 1941 or 1942, the only excention being the special audit of the Collector's account which was filed May 14, 1943, for the three year period. It is a recommendation of this Grand Jury that the auditorial staff he asked to file these delinquent renorts at once, and also to give us an early audits for the year 1943; and to recommend to our county officials that they have their accounts ready for an early audit by the auditorial staff.

We find that Craighead County is having about \$1200 annually to the Combtroller's office for auditing services. The Grand Jury strongly feels that the Auditorial Department has been nealizent in failing to file thorough and comprobensive audits promotiv and in accordance with the law, and that this negligance, partially at least, is the cause of and responsible for temporary shortages which have occurred in some offices. With leave of the court the Grand Jury requests that it he permitted and authorized to forward to the Auditorial Departs ment a conv of this Grand Jury report together with the resolution asking the Auditorial Department to make more prompt and comprehensive audits ...

Announcement By JIM BEARDEN

To the Voters of Hempstead County

Jim Bearden will speak at Patmos following the County Candidates Tuesday night and will urge all County Officers to please release the people of Hempstead County to vote as they please. Each County Officer will be given a chance to show cause why we shouldn't be released.

Our boys are fighting and dying on foreign soil, in the air and at sea, in order that we might be free and not have to submit to such a whip as Mr. Bryan Sims' Comptroller's whip.

If the boys who are under the machine want to join the drive for freedom they are cordially invited to join us.

Jim will not appear in the interest of any candidate but he is one man who has been able to survive Comptroller Sims' political smear.
